Quotes
Nimrod, who was born on December 25th, the High Sabbath of Babylon, was the founder of Babylon and the city of Nineveh. In the history of mankind, Nimrod stands unequalled for his symbolism of evil and Satanic practices. He is credited for having founded Freemasonry and for building the legendary Tower of Babel, in defiance of God's will. In talmudic literature, he is noted as "he who made all the people rebel against God." Pes. 94b. The legend of the Midrash recounts that when Nimrod was informed of Abraham's birth, he ordered all the male children killed, to be certain of eliminating him. Abraham was hidden in a cave, but in latter life he was discovered by Nimrod, who then ordered him to worship fire. Abraham refused and was thrown into the fire.

The legendary symbol for Nimrod is "X." The use of this symbol always denotes witchcraft. When "X" is used as a shortened form meaning Christmas, it actually means "to celebrate the feast of Nimrod." A double X, which has always meant to double-cross or betray, in its fundamental meaning indicates one's betrayal into the hands of Satan. When American corporations use the "X" in their logo, such as "Exxon," the historic Rockefeller firm of Standard Oil of New Jersey, there can be little doubt of this hidden meaning.

The importance of Nimrod in any study of the occult cannot be over-emphasized. Because of the powers given him by the clothing of Adam and Eve, Nimrod became the first man to rule the whole world. He indulged that power by launching excesses and horrors which have never been equalled. Ever since the time of Nimrod, Babylon has been the symbol of depravity and lust. Nimrod also introduced the practice of genocide to the world. His grandfather, Ham, having consorted with other races, and brought children of mixed race into the world, was persuaded by his consort, the evil Naamah, to practice ritual murder and cannibalism. She informed Ham that by killing and eating fair-skinned people, his descendants could regain their superior qualities. Throughout the ensuing centuries, the fair-skinned descendants of Shem, Noah's oldest son, have ritually been slaughtered by the darker descendants of Ham and Nimrod, in the world's most persistent campaign of racial and religious persecution. Not only did Nimrod kill and eat the fair-skinned descendants of Shem, in his fury and hatred he often burned them alive. The type of human sacrifice involving the eating of the slaughtered human victims derived its name from the combined names of his uncle, Canaan, and the demon god Baal, the two names being combined
to form the word "cannibal." Nimrod was also known in ancient history by the names of Marduk, Bel, and Merodach. Because of his importance in its history, Babylon was known as the Land of Nimrod. Nimrod is also cited in the most ancient Masonic constitutions as the founder of Freemasonry. *The Curse Of Canaan: A Demonology Of History* by Eustace Mullins

The Illuminati is a Luciferian religion that is counterfeit to the church of Jesus Christ [not the Mormon one]. Illuminati means, "Light Bearers" or "Enlightened Ones". The Illuminati belief system says that freedom is only obtained through the entrance of true or pure light (sodomy) and life (sacrifice) is only obtained through death. They tell their people that nothing can ever penetrate that power because the [unholy] trinity of Cain, Nimrod, and Joseph seals it in. The core religion of their belief system comes from the Cabala, a book containing mysticism, and written by a sect of the Pharisees who went into Babylon after the destruction of Jerusalem. As a matter of fact, the holy language of the Illuminati is Hebrew. *THE MASTER PLAN OF THE ILLUMINATED ROTHSCILDS: Ron Patton interviews Marion Knox*

Nimrod was the first man to seek power for its own sake. From this will to power came cruelty and decadence.— Mark Booth; *The Secret History of the World*

The ancient Greek historian, Diodorus, reports that Queen Semiramis erected a 130-foot obelisk in Babylon and it was associated with sun worship and represented the phallus of the sun god Baal or Nimrod. Some Masonic researchers say that the word 'obelisk' literally means 'Baal's shaft' or 'Baal's organ of reproduction'. It is for this reason that the obelisk also represents the Illuminati bloodlines.—David Icke

Fish were originally worshiped as a symbol of Nimrod. Each priest is depicted wearing a fish-head mitre. One of the names of this God in Babylon and Philistia was Dagon (dag=fish, on=sun) "The head of the fish formed a mitre above that of a man, while its scaly, fin-like tail fell as a cloak behind, leaving the human feet and limbs exposed." Layard's Babylon & Ninevah, p. 343

Compare the Hawaiian "The Cross of Tane" with the Assyrian solar cross contained within the sun's disk in the "winged sun" symbol from Nimrud below.

The "Cross of the Goddess Marama" is virtually identical to the cross-shaped drawing of a total solar eclipse from Théophile Moreux's "Les Éclipses".

Hand (hidden) Frédéric Auguste Bartholdi (b. 1834 - d. 1904) Freemason and designer and sculptor of the Statue of Liberty in New York harbor. The Statue of Liberty is actually a representation of the Goddess Columbia and is coded full of secret society meanings and occult symbolism. Bartholdi was one of the early members of Lodge Alsace-Lorraine, Paris (Oct. 14, 1875) which was composed of prominent intellectuals, writers and government representatives. [source]

Bartholdi, like many French Freemasons of his time, was deeply steeped in ‘Egyptian’ rituals, and it has often been said that he conceived the original statue as an effigy of the goddess Isis, and only later converted it to a ‘Statue of Liberty’ for New York harbour when it was rejected for the Suez Canal.”

The goddess Isis is known by many names, including Juno.
